

TSM[®] BASE-MIX (AA)™ 0-0-0

This is a Dry Manufactured Micronutrient Formulation Additional Sulfur Recommended

GENERAL RECOMMENDATIONS

Designed to be blended in or added to your own dry source of phosphate, potash and sulfur to form the 6 TSM[®] dry grades.

AGRONOMIC CONSIDERATIONS and DIRECTION FOR USE:

Optimum rate of application will vary between fields, depending on soil pH and organic matter content. For best results, follow soil test or plant analysis recommendation.

WARNING: Some crops may be injured by applications of Boron.

Readily available forms of four micronutrients plus sulfur to enhance continued nutrient release and uptake. Designed to provide a "best fit" for the soil and plant requirements. This product is intended for manufacturing use as an ingredient in blended fertilizer. The product should be used based on the results of soil and/or plant analysis. For additional information about this product, please consult the (MSDS) material safety data sheet. When applied as directed, this product meets the guidelines for metals.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.

MINIMUM GUARANTEED ANALYSIS 0-0-0

Sulfur (S).....	5.00%
Boron (B).....	1.80%
Copper (Cu).....	1.00%
Manganese (Mn).....	7.00%
Zinc (Zn).....	7.00%

Derived from Copper, Manganese, Zinc and Iron Oxysulfates plus Borax

Bulk Density, lbs per cubic foot: 90

Uniformity Index: 50+%

SGN: 250

CAUTION: Keep out of the reach of children

WARNING: Do not take internally. This product could cause skin and eye irritation. Precautions should be taken to minimize ingestion and skin contact and to eliminate all contact with eyes.
