

# TSM<sup>®</sup> Micro Boost "FOLIAR"

Generation II Foliar Micronutrient Formulation

## GENERAL RECOMMENDATIONS

### Foliar Application

Use 1 quart of TSM<sup>®</sup> MICRO BOOST "FOLIAR" per acre per application throughout the growing season as a maintenance program. More frequent applications may be needed to correct deficiencies once they occur. TSM<sup>®</sup> MICRO BOOST "FOLIAR" is designed for use with post applied herbicides.

Optimum rate of application will vary between fields, depending on soil pH and organic matter content. For best results, follow soil test or plant analysis recommendation.

**WARNING:** Some crops may be injured by applications of Boron.

## MIXING INSTRUCTIONS

Put 2/3 of carrier solution in tank. Add other chemicals, if any. Fill tank with balance of carrier solution. Add correct amount of TSM<sup>®</sup> MICRO BOOST "FOLIAR".

**Agitate adequately to mix.**

### CAUTION:

Check compatibility with chemical mixtures.

Warranty: Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use; but neither this warranty nor any other warranty of merchantability or fitness of a particular product expressed or implied, extends to the use of this product contrary to label conditions, or under conditions not reasonably foreseeable to the seller; and buyer assumes the risk of any such use.
